

SANDEEP AMAR GUPPTA

Conscious Profitability Architect

www.sandeepamarguppta.com

ABOUT

Sandeep Amar Gupta is a Chartered Accountant turned *Conscious Profitability Architect*. Backed by 45+ years experience, he works as a *Speaker, Advisor, and Author*.

He helps leaders and professionals align their *Inner Operating System with Economic Performance* for *Sustainable, Profitable Growth*.

His work is built on *The S.H.E. Framework*—a consciousness-driven model that *integrates Spiritual Dynamics, Human Potential, and Economic Strategies* into practical leadership and business outcomes. The S.H.E. Framework has emerged out of his lived experiences.

With clients across the continents, he has *spoken widely across India and internationally*, serves on the *Board of the Professional Speakers Association of India*, and is a recipient of multiple awards.

Sandeep is an articulate speaker who has an intuitive knack to connect with his audience and leaves them enthralled with his insightful conversations.

Dr. (Maj) Rupinder Kaur
Army Veteran| United Nations Mentor

SPEAKING TOPICS

1. Consciousness Creates Profit

- Consciousness & its dynamics
- Why spirituality and money are not opposing forces
- Framework for sustainable growth & profit.

2. The Inner Operating System of Success

- A simple model for what drives decisions, behavior, and performance
- Move from reactive patterns to conscious response
- Make clear decisions and drive aligned, sustainable growth

3. From Pressure to Inner Clarity

- A practical framework for uncertainty and complexity
- Shift from overthinking and uncertainty to clear action
- Stay steady, think clearly, and perform under pressure

4. Success Without Burnout

- Why burnout is not a workplace problem but an alignment problem
- Recognize hidden patterns that drain energy and motivation
- Build a healthier, sustainable way to perform and succeed

5. Presence: The Power Skill of Leadership

- Why leadership presence goes beyond title and authority
- Use presence to influence meetings, conflict, and change
- Simple practices that build trust in real business situations

6. Integration: The Key to Sustainable Growth

- Why alignment of inner stability with outer strategy is key
- Unleash the leader in you.
- Grow without sacrificing health, relationships, or meaning
